

# **MY VICTORY CRY**

By: John Gustin

## **VERSE 1**

I was lost in shadows, chasing fleeting light  
'Til Your mercy filled the silence, pulling me into Your sight  
You found me in my weakness, when my hope was wearing thin  
Lifted me from sinking waters, called me child and drew me in

## **PRE-CHORUS**

You've never left me stranded even when I turned away  
Through the storms and through the doubting, You were steady every day

## **CHORUS**

Mountaintop or valley low, You are constant faithful and true  
Yet Your love won't let me go, all my life I run to You  
From glory to glory, Your promise remains  
Faithful forever, I won't be the same  
You are the reason my heart's still alive  
Through every battle, my victory cry

## **VERSE 2**

I was broken by the burden, feeling small and overwhelmed  
'Til Your Spirit came to meet me, now Your strength is mine to hold  
You've walked beside me gently, even when I couldn't see  
Turning ashes into beauty, rewriting grace into my story

## **PRE-CHORUS**

## **BRIDGE**

Faithful God You never fail  
Present help that still prevails  
Faithful God forever true  
Every breath is held by You  
Faithful God my heart proclaims  
All my life I'll sing Your praise

## **CHORUS**
